This collection of information requires that each eligible applicant submit information to enable HUD to select the best projects for funding during annual competitions for the ICDBG and Indian HOME Programs. The information will be used by HUD to determine whether applications meet minimum screening eligibility requirements and application submission requirements. Applicants provide general information about the project which is preliminary to the review of the applicant's response to the criteria for rating the application. The information is essential for HUD in monitoring grants to ensure that grantees are making proper use of Federal dollars. Responses to the collection are required by Section 105 of the Department of Housing and Urban Development Reform Act (P.L. 101-235) as amended by the Cranston-Gonzales National Affordable Housing Act of 1990. The information requested does not lend itself to confidentiality.

Indicate other elements which enhance the quality of the proposed project. If funds are requested for planning and/or technical assistance, a separate project summary must be completed describing the proposed use of these funds. It is in this component that data should be provided on the service area population of the project including the number and percent of these persons who are of low or moderate income status. **The income levels to be used by applicants to evaluate the income characteristics of the service area population of a proposed project will be provided by the ONAP office that serves your community.** Additional pages may be attached.
